luca millani

25 years of transforming glass into timeless art

Catalog
2026

The artist

luca millani

For 25 years, Luca Millani has been transforming glass into a true expression of art in Brazil, pioneering the fusion of materials and the reinvention of this fascinating medium.

With a keen and perceptive eye, Millani finds inspiration in the beauty around him, dedicating his life to creating unique pieces that transcend the ordinary.

His creations, with exclusive shapes, colors, and designs, go beyond interior decoration: they are a celebration of elegance, sophistication, and refined taste.

Each piece reflects the joy of the creative process and the wonder of glass's endless possibilities – a translucent, luminous, and vibrant material that gains even more brilliance and depth through the magic of polychromy. .At the heart of Luca Millani's work lie three pillars:

Design, elegance and innovation

By combining glass and gold, his creations surpass the concept of decorative objects, becoming pure art in contemporary design, where functionality and aesthetics blend in perfect harmony.

Our products

Composition

All shapes by Luca Millani can be customized with the desired color, edge style, and edge color.

First, select a base shape

(LMO655 for the example)

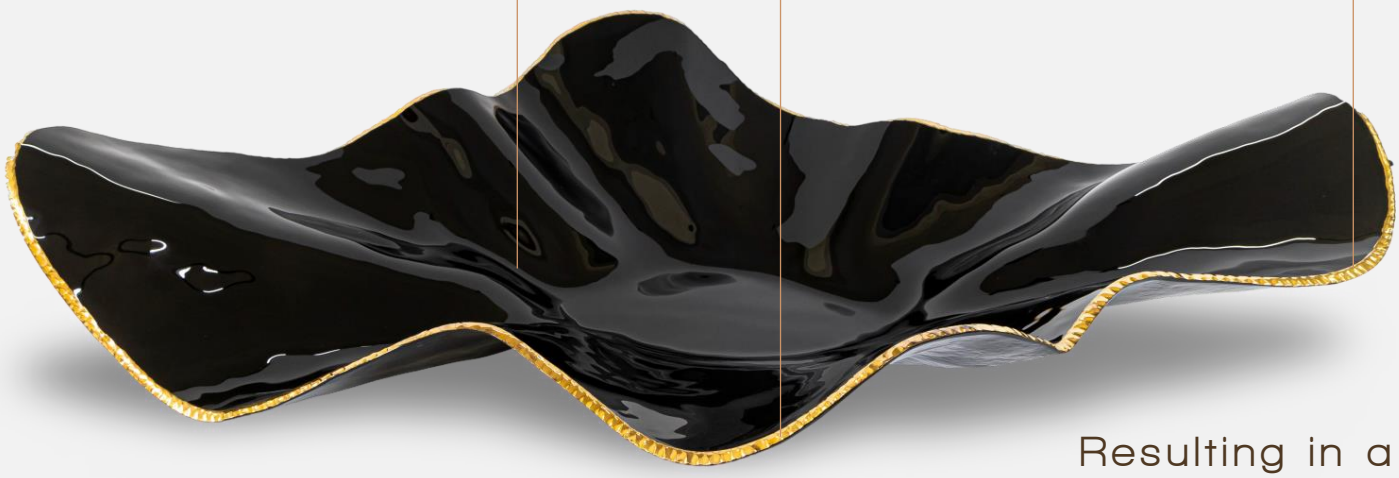

Then, choose a color, an edge style, and then an edge color.

Black
(ID 02)

Ondulé

Gold
(ID 02)

Resulting in a
one-of-a-kind piece.
(Ex. LMO655.02.02)

Our products

Our edges

Luca Millani has two edge styles: Smooth or Ondulé.

Smooth

ID 0

The edge showcases a flawless, smooth finish, with its seamless and polished surface exuding elegance and precision, highlighting the craftsmanship behind the piece.

The edge's color is the same of the piece

Ondulé

The edge features a unique crimped texture, achieved through meticulous handwork with pliers, creating an artisanal, irregular finish that adds character and a handcrafted charm to the piece.

The edge can match the piece's color or feature a special option in one of three distinct colors:

Piece color
